

Bolt circle: from 9-3/16 to 11-1/4"
Anchor bolts: four 24"L x 3/4"OD
Hook: 3" **Projection:** 3"

The SP45 series pole shall consist of a cast aluminum base and a shaft. The one-piece base shall be welded to the shaft. The base cover shall include a contoured cast aluminum door. All castings shall be formed true to pattern, with no warping or mold shifting.

A number of aluminum shaft styles are available: extruded, cast or formed, round or fluted, straight or tapered. Shaft shall be welded in and over the base. Unless specified otherwise, all poles ship with four anchor bolts, with two nuts and two washers per bolt and with one steel template per every three poles.

The shaft shall include a 3"OD or 4"OD x 3"H tenon for luminaire mounting. All exposed metal parts shall receive baked-on smooth semi-gloss powder coat finish. Poles ship loose, with doors and tenons pre-assembled, all wrapped in a protective layer of paper, cardboard and shrink wrap.

SP45

Base	Shaft style	Height	Tenon	Options	Color
	4RS - straight 4"OD 5RS - straight 5"OD 4FS - fluted straight 4"OD 5FS - fluted straight 5"OD RT - round tapered FT - fluted tapered	Indicate pole height in feet	A - 3"OD x 3"H (standard) B - 4"OD x 3"H X - non-standard (indicate size)	GFI - GFI receptacle LAB - less anchor bolts FLG - flag holder Banner arms - see "Accessories" at the end of the catalog	BLK - black GRN - green BRZ - bronze GRY - grey WHT - white CTM - custom
